

It's hard to imagine...

26,000 children die every day from starvation and other hunger-related causes

But you can do something.

Be a part of your local Heaven Sent Ministries Hunger Challenge where you will invest two hours of your time in packaging nutritious food to save precious lives.

Consider financially sponsoring an entire assembly-line table of 12 volunteers for \$720. Then invite others to join you in this important, life-changing event.

TAKE THE HUNGER CHALLENGE. GET INVOLVED NOW.

Your local Hunger Challenge:

March 29—April 1, 2012

**at Johnston Chapel Gymnasium,
Halls Ridge Road, Princeton, WV**

Call **1.877.525.4HSM** before **February**

15 to register for a specific two-hour time slot. Your \$60 registration fee will provide the funds to pay for the food product you will personally package. Our goal is **1,000** volunteers to package **1,000** boxes of food — more than **216,000** meals!

This is a perfect project for families, seniors, youth groups, civic groups, and concerned individuals.

Call **1.877.525.4HSM** today to register for this important, life-saving event.

HUNGER CHALLENGE

IMAGINE...

...LIFE-GIVING FOOD
DIRECTLY FROM
YOUR HANDS
TO THE HANDS OF A
STARVING CHILD

HELPING YOU FEED STARVING CHILDREN

Imagine . . . That you personally could do something about world hunger.

Imagine...

that for just \$60 you could provide 216 nutritious meals for children and families who are starving. **Imagine** that in just two hours you could personally assemble and package the food ingredients that would sustain the lives of a desperate family for a month. **Imagine** that during one weekend, you would gather with hundreds of volunteers like yourself to do something tangible to prevent children from dying of starvation. **Imagine** that for just \$60 — the cost of one family meal in a restaurant — you could make a real difference.

You can do much more than imagine. You can be a part of the tangible reality of a Heaven Sent Ministries Hunger Challenge. Join with hundreds of others from your community to assemble rice, soy, dehydrated vegetables and life-saving vitamins into packages that will be shipped directly from your hands to the hands of a waiting child.

Rice — palatable all over the globe.

Soy — provides much-needed protein.

Vegetables — for color and flavor.

Vitamins — specially formulated to target the immune systems of starving children. An assembly line of volunteers measures each ingredient, funneling them into a plastic bag. The bag is weighed, sealed and boxed. Each finished bag contains 6 meals. Each finished box holds 36 bags. Total meals in each box — 216.
